

THURSDAY 29TH JUNE

7PM ONYX CAFÉ

Cambridge

Upstairs - All Welcome

Dr Lee Morris from EquiBreed NZ Ltd is pleased to present the results of preliminary research on the effects of the weather on our equine breeding programmes in NZ. The next stage of the research will be funded by the NZERF as the culmination of 3 years worth of data will be analysed for the breeders.

Special thanks to funding for this research from the Ian Duncan Trust and NZERF

Waikato Branch of NZTBA Winter Seminar

Thursday 29 June
at 7pm
The Onyx Café
upstairs

Presented by
Dr Lee Morris

Can we blame the
weather?
A study of the effects
of the weather on
reproduction in NZ.

Drenching strategies in
NZ horses - how to slow
resistance developing in
NZ parasites.
